Adani Groups,

Dear Hiring Manager,

With this letter I would like to express my interest in filling an open vacancy for Front End Engineer at Adani Groups. Given the skills outlined in my resume, I believe I will be a worthy asset to your team.

Currently I am a BTech graduate with experience of 3 months in Frontend Developer, where I worked on Specific React components and backend services like Firebase for user authentication, Google single sign-in. I also contributed to open source fest 2022. I would like to use my skills at Adani Groups, in order to make optimal use of my acquired knowledge.

I would describe myself as someone who is responsible, hardworking and believes in continuous learning. Your job description specifies that you are looking for someone who is good at Web Development technology, different concepts and is collaborative. My track record and works attached in my resume prove that I have those skills which you are looking for. Combined with my experience, I believe that I can make a valuable contribution to your organization. I see the position of Front End Engineer the perfect next step in my career. In the position of Front End Engineer, I expect to be able to develop myself further as a professional.

I would like to further explain my motivation for the position of Front End Engineer during a personal meeting. You can reach me either by phone via +91-8090897720 or by email via rajkush8090@gmail.com

Thank you for your consideration. I look forward to hearing from you.

Sincerely,

Raj Kushwaha
